Dear Sir/Madam,

Binbury Park, Detling -

In light of the application submitted, I offer my support and would like to see a positive outcome sooner rather than later.

The development really provides an opportunity to all in the community and for me the self-build plots are key. I have dreamed of building my own home and to see a scheme offer self-builds plots so close to where I live is making this closer to a reality and I'm certain there are others in a similar position to me.

Yours faithfully
