Notes

The proposed development is an important issue that needs to be discussed fully in a professional and constructive manner. To achieve this, we would respectfully ask that all concerned:

1. Allow others to speak, actively listen to their views and do not interrupt
2. Focus on the facts and keep any questions brief and to the point, so that the time available can be used effectively.
3. Be courteous at all times and respect the views of others even if they conflict with your own
4. Do not use inappropriate, aggressive or inflammatory language
5. Do not act in any manner which may offend others.
6. Do not 'blame or 'shame' others or make personal attacks or accusations
